WANTED-AMERICANS!

There are 90,000,000 of us in the United States—all in the family of our own Uncle Sam.

And Uncle Sam needs money—your money—everybody's money. He doesn't ask you to give it to him; he wants to borrow and pay you interest for it.

Maybe you didn't have $50 or $100 to lend him in Liberty Bonds, but surely you have 25 cents. If we, all of us, buy one thrift stamp—just one stamp apiece—that is $22,500,000, and if everyone of us buys $4.12 worth—25 cents worth from time to time for sixteen times—that's $370,800,000.

Your pin money does help. Doesn't it?

We don't know how much money you have—how much—how little. It doesn't matter, anyway. For it is getting to a point that every man—every woman—every boy—every girl—must make the business of helping win this war—the most important thing on earth.

Like the Liberty Bonds, the war savings certificates bear 4% interest. On January 1, 1923 each certificate will be worth $5. These stamps are exchangeable at face value plus accumulated interest at any time between now and January 1, 1923.

You can buy from your mail carrier or at the Post Office. Buy your first one today.

"FOLLOW DIRECTIONS," AND YOU HELP WIN THE WAR

You would give your life for your country. You would scorn an American whose patriotism ended with waving flags, cheering the troops and standing up when the band plays. You want to serve your country.

Are you willing to do what your Government asks? Are you willing to follow directions?

Are you so comfortably fixed that you can afford to eat what you please? Ah, but you can't afford to eat what your country needs. FOLLOW DIRECTIONS.

Are you saving now of your slender means all you possibly can? Still, as far as your circumstances permit, FOLLOW DIRECTIONS.

Have you servants who can't be made to understand? It is your chore to see that they do. FOLLOW DIRECTIONS.

Follow directions. Today the direction is to save two slices of bread, an ounce of meat, an ounce of sugar, a snitch of butter. Tomorrow as conditions change there will be new directions. FOLLOW DIRECTIONS.

Follow directions. If Germany wins you will be obeying orders given by some one you will not care to obey. Your Government asks you to prove that free people can follow directions.

Follow directions. If we fail in this the war will drag on. As we succeed, we shall sooner have peace. FOLLOW DIRECTIONS.

MARKED "U. S. A.—18"

Persons coming into possession of pigeons labeled "U. S. A.—18," indicating that they are being trained for Army purposes, are requested to report the fact at once to the office of the Chief Signal Officer, Land Division, Washington, D. C.

JOIN THE CROSS

If you cannot tote a gun, join the Cross. You can help to beat the Hun—join the Cross. If you don't believe in force, if you cannot ride a horse, there is still another course—join the Cross. If you want to help a bit, join the Cross. Tote a little mercy kit; join the Cross. You can bring a lot of joys and a thousand pains alloys to the Yankee soldier boys—join the Cross. Till the heaven blessed sod—but join the Cross. Economize and trust in God—and join the Cross. Be you old or be you young, no matter what your birth or tongue, yet you can be one among the Great Red Cross.

HAVE YOU REGISTERED?

All voters must register this year before voting on any proposition, no matter when or where you registered last, you must have registered in 1918, if you expect to vote.

It is necessary that you register at least .. days before the date of the election.

BOY IS CUT AND BRUISED WHEN RUN DOWN BY AUTO

Jno. Andrews of 439 East Colorado boulevard received painful injuries last Thursday evening at about 6:30 o'clock when he was struck by a machine driven by E. J. Regan of 1804 West Monte Vista street, Pasadena.

Young Andrews was immediately conveyed to the Glendale Sanitarium where his wounds were dressed. He sustained lacerations about the head, a strained wrist, a smashed nose, skinned knees and scratched hands.

Mr. Regan declares that he was blinded by the lights of an approaching car.

GOVERNMENT SOIL SURVEY OF THE SAN FERNANDO VALLEY

The most comprehensive work ever issued on soil conditions, rainfall record and climatology is that devoted to the San Fernando Valley and the Tujunga. It is entitled "Soil Survey of the San Fernando Valley Area," is the joint work of the U. S. Department of Agriculture and the University of California, and contains sixty-two pages of text and illustrations. A large map in colors shows at a glance the soil materials and variations. This work should be of much interest to every resident of San Fernando Valley. The edition is limited to 2000 copies, and a copy will be sent freely to those who write Congressman Charles H. Randall, at Washington.

INVESTIGATE PISTOL SHOTS— FIND STUBBORN FORD

The police were called to the vicinity of Brand boulevard and Acacia street Sunday night by the report that two loud pistol shots had been heard in the neighborhood. Investigation revealed two men with murder in their eyes, attempting to start the motor of a Ford automobile. The machine had backfired, causing a loud report.

EXCHANGE HAND GRIPS ON CAR

When Horace Lukens of 349 South Verdugo road, arrived home late Friday afternoon via Pacific Electric he found his grip to contain a quantity of ladies' wearing apparel. A closer investigation showed that he had the wrong grip.

Mr. Lukens set his grip down in the rear of the car when he boarded it in Los Angeles. Later a lady placed a grip near it. This lady left the train at Park avenue. It is thought that she took the wrong one by mistake. Safety razors and drawing instruments will probably be of little use to her.

Thieves attempted last week to steal an automobile belonging to the Scovern, Letton, Frey Undertaking company from a vacant store-room near Brand boulevard and Park avenue.

Carbolic acid was added to the world's chemicals in 1834.

WATER BOND ELECTION IN THE TROPICO DISTRICT

The proceedings in connection with the Water Bond Election to be held in the Tropico District are progressing as rapidly as possible.

This election is to be held for the purpose of giving the people of this section an opportunity to vote on the subject of the city ownership and operation of the water system.

The ordinance of Intention was made effective February 21st having been read, adopted and published according to the law. The Board of Trustees will call the election on March 19, 1918.

In accordance with the desire of the people of this section, the work is being carried along as rapidly as possible, no time being lost except that which is actually required by law.

These bonds, if voted, will not be an expense to the people in this district. The Public Service Department has always taken care of all interest and the retiring of the bonds, this being entirely met from the income.

The water rate now charged by the Public Service Department will be immediately effective upon the acquisition of the water system by the City.

Proceedings for the purchase of the existing electric system will follow immediately upon the completion of the water bond election.

SHOOT AT BARN BUT HIT GIRL

Archers who could not hit the broad side of a barn got themselves into trouble Saturday when one of their arrows struck little Alice Colton of 345 South Central avenue. When interviewed by an officer the boys declared that they were aiming at a knot-hole in the side of a barn. Their arrows were propelled by bows which had been fashioned from barrel staves.

The mother of the boys stated that she was entirely ignorant of the dangerous pastime her sons were engaging in.

TAKES BRAN

The high cost of flour is blamed for a curious robbery reported in Glendale Saturday. Petty thieves have for some time been entering the barn of Moore's dairy, 225 East Ninth street, and taking small quantities of bran. This action alone would not be excedingly annoying, according to Mr. Moore, the proprietor of the dairy, if the thief acted in a gentlemanly fashion. Each night he leaves the barn open, permitting the cows to escape. Mr. Moore is afraid that the animals will do some damage if they are allowed to run loose.

KNIGHTS OF PYTHIAS

The largest meeting ever held by the Knights of Pythias in Tropico was held by Twin City Lodge in their lodge rooms on Thursday night of this week when eleven candidates were given the first rank in Knighthood. There were over two hundred members present, every chair being filled and many having to stand. This was the night of the District Convention and the members gave the officers of the lodge much assistance by their presence.

A survey of the ground near the place where the wire was taken revealed footprints leading to the highway. It is thought that the thieves used an automobile in which to make away with their loot.

Inspiring in the extreme is the Mission Play, by John Steven McGroarty, which has opened its sixth season in its own playhouse, ideally situated in the shadow of the old mission at San Gabriel.

The story of the play is the recalling of the olden, golden days of California, covering periods from the landing of the first Spanish adventurers on the shores of San Diego Bay, through the years of the founding of the missions that extended along the King's Highway to Sonoma in the valley of the seven moons.

Daily incidents of the life around the missions is faithfully and colorfully portrayed, with native dances and songs adding to the impelling interest of the historical facts that have been incorporated in this remarkable pageant drama.

Norval MacGregor will this year be seen in the predominating role of Father Junipero Serra, founder of the missions, while Miss Rosamonde Joyzelle triumphs in the supporting character of Senora Josefa Yorba. Matinee preformances commencing at 2:15 will be presented daily, including Sundays.

RED CROSS NOTES

All members of the Local Auxiliary are trying hard to establish a new record in the amount of work to be turned out. Even little boys and girls are busy knitting, for they can knit very nicely wash rags, etc., for our Sammy. The reason for trying to break the previous records is that all Los Angeles branches are trying to find out just how much work they can turn out in a month's time, and as the time limit set is March 7th, the local branch is doing some hustling in order to make a good report. The amount of work already turned out by the local branch is as follows; 27 handkerchiefs, 36 napkins, 13 muslin hospital shirts, 10 pajamas, 7 pair bed socks, 12 convalescent robes, 23 sweaters, 13 pair wristlets, 13 helmets, and 20 pair socks.

The Surgical Dressings department under the direction of Mrs. William Harvey, Jr., assisted by Mrs. Charles A. Barker, is doing some very fine work They have made 1150 dressings to date. This branch has the reputation in Los Angeles of doing very excellent work, and they say they are going to keep up the good work.

Mr. Du Voss and Miss Florence Stewart, of Los Angeles, Mr. B. H. Charles, of Long Beach, Mr. and Mrs. F. C. Charles and Miss Hazel Gittings, of Perlita avenue, spent Sunday at Sierra Madre.

A lecture on the second degree was given Tuesday evening at the Masonic Temple under the auspices of the Grand Lodge. It was followed by an entertainment and smoker.

The Vodevil Show which was given at the Glendale High School Auditorium Thursday and Friday evenings, was a brilliant success, both from the standpoint of entertainment and of finances. A tidy sum was netted to meet the expenses of the High School student body.

The District Superintendent of the Pasadena District will preach at the West Glendale Methodist Church on Sunday morning, March 3.

Clarence L. Edwards, son of Mrs. Johanna Edwards, of Glendale, has been named as a sergeant in Company 11, Coast Artillery, which is stationed at Fort McArthur.

Mrs. H. Bombard of 214 West Tropico avenue, is entertaining as house guest for the winter her brother Mr. Andrews of Colorado and his wife, son and two daughters, who arrived recently.

The J. O. C. Class of the Methodist Church held their regular monthly meeting last Saturday afternoon at the home of Gladys Goddard, of West Park avenue. This enthusiastic class, which is under the able leadership of Mrs. Marple, is doing some very active work lately, and quite a number of important matters were discussed at this meeting. At the meeting of the Epworth League last Sunday a patriotic program had been arranged, and the class rendered a patriotic selection, "Somewhere in France," which was well received by the large crowd present. The class is planning to give a show in the very near future, particulars of which will be given in the Herald later.

Robert Philp, son of Mrs. V. E. Philp, of 225 South Orange street, who is stationed at Kelley Field, South San Antonio, Texas, has been promoted from his rank as supply sergeant to that of first class sergeant.

Rev. W. E. Edmonds, pastor of the Presbyterian Church of Glendale, who has been on an eastern trip for the past six weeks, has returned to Glendale and will preach at his church at all of the regular services. A cordial welcome was given to him on his return to his own city.

The Red Cross luncheons heretofore served on Saturday, will in the future be served on Thursdays, according to an announcement by Mrs. J. Boettner, chairman of this branch.

IMPROVEMENTS

The Library is now established in its renovated and enlarged quarters. Every patron is delighted with the change and wants to inspect it thoroughly. Mr. Charles Cushing, the librarian, is only too delighted to exhibit and explain it all. In the room on the north are the reference books and tables for those who drop in to read, also the shelves on which the magazines which circulate are placed. North of that is the repair room. In the other section are the cases in which are adult and juvenile fiction and, best of all, some low tables and small chairs for the little patrons of the library. Furniture has been shifted and exchanged. One long table has been brought from the main library and a smaller table is coming. On the floor cork carpet has been placed to correspond with the original library flooring.

Commencing Monday, the library will be open from 9 o'clock in the morning to nine in the evening. ATTEMPT BURGLARY

The rear entrance of the grocery store operated by Freeman and Son at the corner of Vine street and Pacific avenue was found broken open Sunday by an employee of the store. It was thought that robbers had forced the door preparatory to a burglary at night. The store was carefully watched by patrolmen, but no robbers appeared. This store was recently robbed of a small quantity of merchandise.

..For Sale: Ten copies of "Hurlburt's Story of the Bible" price $1.50 each, and six copies of the "Life and Sermons of Billy Sunday," price $1.00 each. These are all new books, and are all that I have left to sell. If you want one, better phone me today. Telephone Glendale 505-J and I will call.

BOYS TRAP AUTO WITH ROPES

Imitating the famous submarine nets used by the allies to capture U-boats, small boys Wednesday stretched an "automobile net" across Central avenue near Second street. The contrivance, which was made of rope, entangled the machine of Mrs. McCloud, 122 South Central avenue, forcing the driver to stop and unwind the net. The boys then appeared and demanded that the rope be returned to them, but Mrs. McCloud claimed it as a war prize.

NEW STORE

The new store of the Glendale Phonograph and Piano Company, two doors from the Palace Grand Theatre, of which Vincent Salmacia is the proprietor, has opened its doors to the public and are now in position to sell you phonographs, records and pianos.

The new store is one of the prettiest in Glendale. The interior has all been decorated with very pretty hanging electric fixtures besides being painted a light color in keeping with the business of the new firm. In the rear of the store are two demonstrating rooms for the phonograph records. These rooms are sound proof and a customer can listen to his favorite selections not being bothered in any way. The store has been very artiscally arranged by Mr. Salmacia and he is desirous of having Glendale people visit him and inspect the new store.

THE PALACE GRAND THEATRE

Good Program for Week, Beginning With Saturday's Picture

"Our Little Wife" is the title of the feature picture to be shown at the Palace Grand Theatre for Saturday, (today). This is one of the famous Goldwyn pictures and features Madge Kennedy. This is a gay story chuck full of laughs and thrills and gives even more enjoyment than Madge Kennedy's past picture triumphs, "Baby Mine" and "Nearly Married." In addition there is a Harold Lloyd (Luke) comedy, "The Lamb," and a Christie comedy, "Many a Slip." The matinee will begin at 2:30 and the evening shows at 6:45 and 8:45.

For Sunday, March 3, will be a a Paralta Play, "His Robe of Honor," with Henry Walthall playing the leading part. This is his first big Paralta play. Also there will be shown the greatest Roscoe (Fatty) Arbuckle picture that this well-liked screen favorite has ever made. "Out West" is the title and it is a picture that you will want to see again. The matinee starts at 2:30 and the evening shows at 6:45 and 8:45.

Monday, March 4, is June Caprice's greatest triumph, "The Heart of Romance." It a delightful story of love, riches and youth. There will be also

shown Hearst Pathe Pictorial—the world's latest happenings. These pictures are very interesting just at present and are well liked by the theatre going public. There is no matinee and the evening shows start at 7:15 and 8:45.

For Tuesday, March 5, Frank Keenan will be seen in a tremendous photo spectacle, "Loaded Dice." This is from the book of the same name. It is a wonderful picture and you will surely like it. There is also a Christie comedy, "Little Willie Archie. The evening shows start at 7:15 and 8:45.

Who hasn't heard of that wonderful story by Hall Caine, "The Manx-Man." It will be the offering for Wednesday, March 6, and the house ought to be completely filled at both of the shows, which will begin at 7:15 and 9:00 o'clock.

"The Manx-Man" is a powerful spectacle complete in eight reels and enjoyed a long run at the Criterion Theatre in New York. It was entirely filmed on the Isle of Man and was personally directed by George Loane Tucker. To show what expense the producers went to, in one scene there are 11,000 people. Scenes in the "Manx-Man" are said to be the most beautiful ever screened. In addition to the feature there will be one reel of cartoon comedy.

By popular request, Douglas Fairbanks in "A Modern Musketeer" will again be shown at the Palace Grand on Thursday, March 7. This is the picture that was filmed in the Grand Canyon of Colorado. There will also be a Paramount Pictograph and cartoon comedy. The shows will begin at 7:15 and 8:45.

Two clever film favorites, Jack Pickford and Louise Huff, wil be seen in "The Ghost House" on Friday, March 8. The pictures that these two favorites appear in are always well liked. There will also be a Burton Holmes. The two evening shows will begin at 7:15 and 8:45.

BOOTH, THE COFFEE KING, MOVES TO LARGER ROOMS

F. Booth, better known to Tropico and Glendale residents as the "Coffee King" has secured the rooms at 906 W. Broadway, in what is known as the Glane block, where he and Mrs. Booth will be glad to welcome their many friends and customers.

Mr. Booth, who is an expert in the tea and coffee trade, started a "house to house" trade in that line a few years ago, and soon built up a good business by the superior quality of the goods handled as well as by his unique advertising schemes. About two years ago his trade had reached such proportions that he fitted up the rooms at 1005 W. Broadway and added thereto several lines of fancy groceries, but still keeping up his "house to house" trade and his advertising specialties. This little store was so successful that the present move to larger and better quarters has been justified, and a still larger variety of goods will be handled.

GATEWAY ASSOCIATION

The Glendale Gateway Association held its first regular meeting since its organization in the City Hall Tuesday evening.

A report was received from the committee which has in charge the circulation of petitions for the consolidation of the Glendale and Tropico School Districts. The report showed that a sufficent number of signatures of the heads of families in the Tropico District had been obtained, but not quite enough as yet in the Glendale District; that probably the canvass would be finished this week and the requisite names obtained.

The Association endorsed the water bond election and voted to prepare and send out circulars to boost the election.

A committee was appointed to confer with the City Trustees in regard to the circulation of the petition to call an election to vote upon the acquisition of the electric light system of the Tropico district.

PROCEEDINGS OF BOARD OF TRUSTEES

The Board of Trustees met in regular session Thursday night. All members present at roll call. The minutes of the last regular meeting and of the Adjourned meeting, were read and approved. On motion of Trustee Grist, it was ordered that bids for fire insurance on the City Hall be opened, read and publicly declared.

On motion of Trustee Muhleman, it was ordered that bids for fire apparatus be opened, read and publicly declared.

It now being eight o'clock, Trustee Woodberry made a motion which was adopted, that the reading of the bids be suspended for the purpose of hearing protests against the holding of an election in Municipal Improvement District No. 1, comprising the territory formerly the City of Tropico. The Clerk stated that no protests had been filed, and on motion of Trustee Muhleman, the City Attorney was instructed to prepare an Ordinance calling an election in said territory.

On motion of Trustee Jackson, it was ordered that bids be opened and read for supplying the City with two thousand feet of hose.

Trustee Grist made a motion, which was adopted, that when the Board adjourn, it be to meet at 7:00 P. M., March 1st.

The Clerk reported the filing of a petition from voters of Kenneth District, comprising territory contiguous to the Grand View District, and requesting that the trustees call a special election in said territory, at which there should be submitted to the qualified electors thereof the question whether said territory shall be annexed to the City of Glendale.

The petition was read by the Clerk and Dr. S. Black was sworn by the Chairman and interrogated by the City Attorney, testifying that he had circulated said petition and secured the names of the signers thereto.

The Clerk reported the filing of a petition from the Valley View District requesting that the territory described in the petition be annexed

to the City of Glendale, and requesting the Trustees to call a special election in said territory, at which the question shall be submitted to the qualified electors thereof, whether the territory described shall be so annexed to the City of Glendale.

Mr. Phillip Gies upon being sworn by the President and interrogated by the City Attorney, testified that he had circulated the petition and explained its object fully to all the signers thereof.

At 8:45 the meeting was thrown open to the general discussion of the question of renumbering the streets of the city in accordance with previous announcement that the matter would be taken up at that time.

The Clerk read a communication from W. C. Wattles expressing his views in favor of a numbering system, which would start at the south city limits and number consecutively Northward, and that the numbers running east and west would start at Brand Boulevard.

Mr. C. J. Wolf opened the discussion favoring Brand Boulevard and Broadway as a central point of a new numbering system.

Mr. J. F. Lilly insisted on a plan that would allow plenty of numbers and favored numbering north and south from the South city limits; also spoke favorably of the consecutive numbering plan.

Mr. M. B. Harman favored letting things remain as they are, as did also Mr. F. McG. Kelley.

Mr. Clem More favored numbering by blocks from Brand Boulevard to Broadway.

Mr. T. W. Preston favored Brand Boulevard and Broadway as the center from which to number, but does not think that the change should be made at present.

Mr. LaGross spoke on the difficulty strangers have in finding street numbers and emphasized the necessity of a change.

Mr. Nofziger recognized the necessity of reconciling the difference between the North and South portions of Brand Boulevard and favored paraliel streets; but did not favor consecutive numbering.

Mr. Cowan spoke in favor of taking action at once to remedy the situation.

Mr. Deal favored one hundred numbers to a block with Brand Boulevard and Broadway as the center.

Mr Wesley Bullis favored Brand Boulevard and Broadway as the center, as did also Mr. Beldin who spoke at some length in favor of the proposition.

Mr. McKinnan favored the plan of one hundred numbers to the block, which he termed the Philadelphia system.

The Chairman asked for a vote on the question of a central point from which numbers should start, and called for those in favor of starting from Brand Boulevard and Broadway to indicate the same by rising vote. The result indicated a large majority in favor of that proposition against all others. The Chairman stated that a ballot had been taken through the medium of the public schools, and the votes as reported were 79 in favor of and 40 against Brand Boulevard and Broadway as a center. Another vote was taken on the question of the numbers to be assigned to a 50-foot lot; a large majority of those voting indicating their preference for four numbers as against two. At 10:25 the discussion closed and the Board took up the regular order of business.

On motion of Trustee Grist, the City Attorney was instructed to prepare resolutions of intention to call elections on the propositions of annexation to the City of Glendale in the Valley View and the Kenneth Districts.

A communication was presented and read protesting against the annexation of territory described in the Valley View petition, signed by John W. Railsback and ten others. On motion the communication was ordered to be filed.

Reports were received and read from the City Recorder and the Tax collector and ordered to be filed. The report of the Recorder showed an income of $174.00 collected by his department.

A communication was read from the Secretary of the Library Board inviting the members of the Board to an evening of inspection of the Glendale Branch Library, March 4th, at 7:30 o'clock. The invitation was accepted.

On motion, an ordinance of the City of Glendale approving the annexation of certain territory known as "Grand View District" to the City of Glendale, was taken up for third and final reading, and upon being read, was on motion, adopted.

A report was made by the Finance Committee recommending that the bid of E. H. Kerker to furnish a policy of insurance in the sum of $4000.00 on the City Hall at 45 cents per hundred for a term of three years, be accepted. On motion, the recommendation was adopted and it was ordered that Mr. Kerker be authorized to furnish the policy. Adjourned.

ZINC PRICE AGREEMENTS APPROVED BY PRESIDENT

After investigations by the Federal Trade Commission as to the costs of production the President has approved an agreement made by the War Industries Board with the producers of Grade A zinc, subject to revision on June 1, 1918, and also an agreement made by the War Industries Board with the producers of sheet and plate zinc fixing a maximum price of 14 cents per pound for plate zinc f. o. b. plant, and 15 cents per pound for sheet zinc f. o. b. plant, subject to the usual trade discounts.

The conditions are: First, that the producers of Grade A and of plate and sheet zinc will not reduce the wages now being paid; second, that they will sell to the allies, to the public, and to the Government at the same prices; third, that they will take the necessary measures, under the direction of the War Industries Board, for the distribution of the zinc to prevent it from falling into the hands of speculators who might increase the price to the public; and, fourth, that they pledge themselves to exert every effort necessary to keep up the production of zinc so as to insure an adequate supply so long as the war lasts.
